

Lockdown Ended for Remaining Facilities

Effective today, visitation, commissary, and outside recreation have resumed at the Mississippi State Penitentiary at Parchman (MSP), East Mississippi Correctional Facility (EMCF), South Mississippi Correctional Institution (SMCI) and Wilkinson County Correctional Facility (WCCF).

Therefore, all facilities affected by the lockdown in October are now back to normal operations in the MDOC system. Those facilities include three state prisons, three private prisons, and 15 regional facilities.
